   BIOH 211/212  Human Anatomy and Physiology II/Lab
   BIOM 250/251  Microbiology for Health Sciences/Lab
   SCI 271       Environmental Research

2. Advise thirty to forty STEM students, 10 to 15 hours monthly, during the academic year.
3. Assist in curriculum development in the STEM fields (Associate of Science – Science, Associate of Science – Pre-Health and Pre-Nursing, Science - Biomedical).
4. Participate in the college faculty senate and college committees (program learning outcomes) as assigned.
5. Participate in faculty evaluation activities, service learning and student retention initiatives.
6. Keep up-to-date on science, biology, chemistry, anatomy/physiology and educational issues (including techniques of effective learning).
Summer and Continuing Education Instruction:
7. Coordinate and manage summer student research interns in biological studies (when grants and contracts support such activities).

Qualifications:

1. A Master’s Degree in Biology or Nursing from an institution accredited by an accrediting agency recognized by the US Department of Education.
2. Documented successful college teaching experience in biology and pre-nursing, including procedures and protocols in safe handling of chemicals and organizational skills in managing laboratory classrooms.
3. Related professional experience in American Indian communities.
4. Demonstrated ability to relate to students and staff of varied ethnicity, especially American Indian students, and a commitment to a culturally diverse educational environment.
5. Appreciation and respect for students (including adult students) and their role and responsibility in the learning process.
6. Demonstrated commitment to the philosophy and mission of the tribal community college.

Applications: Submission of application materials

1. A Cover Letter that references position for which you are applying
2. Current curriculum vitae
3. The names and contact information for three professional references
4. College transcripts (copies are acceptable)
5. FPCC application

By August 2, 2013, submit applications to:

Fort Peck Community College. Fort Peck Community College is a tribally controlled community college chartered by the government of the Fort Peck Assiniboine and Sioux Tribes. The college is fully accredited by the Northwest Commission on Colleges and Universities. Nineteen degrees and eleven certificate programs are offered by the college. The average enrollment is 450 students, 75% are American Indians and residents of the Fort Peck Indian Reservation. Female students comprise 60% of the enrollment. The college main campus is in Poplar, Montana, also the capital of the Tribes. Each year the college graduates between 40 and 65 students. The college faculty consists of twenty full time and twenty-five part time members. FPCC is a member of the American Indian Higher Education Consortium, the American Association of Community Colleges and the World Indigenous Higher Education Consortium.
