Introduction
The purpose of this contract is to set out the goals and objectives, regulations, policies and procedures of the Athletic Program. It is intended to assure a systematic and efficient organization and operation.

The organization requires all student-athletes to demonstrate good moral conduct and ethical judgment that reflects favorably upon themselves, the college, and the MTCAA community at large. Student-athletes are subject to the policies and procedures as set out in this contract, the MTCAA student handbook, as well as federal, state and local laws.

It is important to note that due to the high visibility and increasing public scrutiny of all athletic programs, student-athletes are expected to meet higher standards of educational excellence as well as personal conduct and appearance.

Expectations of Student-Athletes
MTCAA student-athletes have a responsibility to be students first, with the primary goal of earning a degree. Understand that personal accountability is the foundation not only of each individual’s successful academic and athletic experience, but their personal life as well. All student-athletes must be mindful that at all times they represent MTCAA College and its athletic department, as well as their individual teams. Upperclassmen have the responsibility to serve as exemplary role models for new student-athletes.

Each Student-Athlete Shall:
• Be officially enrolled in a minimum of twelve (12) quarter credit hours during each quarter they are in attendance in a Montana Tribal College.
• Meet all academic responsibilities including attending class regularly, turning in assignments, interacting appropriately with faculty and staff, meeting with college and faculty advisors and making a commitment to academic integrity.
• May be drug tested once per quarter and then randomly throughout the season.

Athletic Eligibility
A student-athlete will be eligible to represent MTCAA provided he or she meets the provisions as set out in the Student-Athlete Conduct Handbook. The main provisions are outlined below, however, this list is not all-inclusive and student-athletes are encouraged to discuss questions about eligibility with their respective coaches. It is the responsibility of the student-athlete to know and understand the basic rules that govern athletic eligibility.

**Eligibility**

You must be registered full-time (12 hours or more) at all times.

**End of First Quarter:** At the end of your first quarter of attendance, you must have completed a minimum of **9 quarter hours** and received a **1.75 GPA** or higher.

**After the First Quarter:** Complete **12 quarter hours** each quarter with a quarterly **2.00 GPA** or higher **OR** have a cumulative number of hours equal to **12 credits times the number of quarters attended with a 2.00 cumulative GPA**

**After the First Season:** You must have passed **33 hours with a minimum 2.00 GPA**

**After the Second Season:** You must have passed a minimum of 36 hours for a cumulative total of **69 hours with a minimum 2.00 GPA**

**After the Third Season:** You must have passed a minimum of 36 hours for a cumulative total of **105 hours with a minimum 2.00 GPA**

Each student/athlete will be required to have instructors fill out progress reports three times per quarter and return them to the athletic coordinator. Student/athletes will then meet with athletic coordinator to discuss quarterly progress and concerns.

Student/athletes may request an exemption for the minimum credit rule, which will be review by the director of athletics. Recommendations will then be made to the academic vice-president for final approval.

**Class Attendance and Course Work**

*Absence from class because of athletic competition does not excuse an athlete from any course requirement.*

Students must clear any absence related to athletics with his or her professor well before the absence. Most faculty members are very supportive of students’ extracurricular or personal interests and are willing to work with you regarding accommodations – especially if you are already a diligent and responsible student and if you manage any requests for accommodation in a mature fashion. At the beginning of the quarter, students who are seeking some kind of accommodation due to athletics scheduling should:
 Montana Tribal College Athletic Association

• Introduce themselves to their professor (in person – not by email); identify themselves as a student-athlete; provide the professor with a schedule (and invite them to attend a game); explain the conflict and inquire if alternatives can be arranged.
• Please make every effort to do this in person and at the very beginning of the quarter.
• Please do not assume that your sport participation automatically excuses you from any academic commitment.
• Always be prepared to put academic obligations before your team commitments. Your coach and teammates will understand and are prepared to work around these conflicts when they do arise.

Insurance
The student and their parents agree to release MTCAA, its Board of Directors and employees, from liability arising out of accidents and resulting injuries occurring while participating in intercollegiate athletics while attending a Tribal College. The College is not financially responsible for student injuries nor does it cover student athletes while training, practicing, or participating in athletic events. Students covered by tribal health/IHS should provide a copy of eligibility while attending and participating in Tribal College Athletics.

All student-athletes are subject to all local, state and federal laws.
