

Welcome back FPCC AIHEC Students!

FPCC participated in various events at this year's AIHEC Student Conference including: Handgame, Knowledge Bowl, Business Bowl, Science Bowl, Webpage Design, Basketball, Speech, and Art. FPCC is proud to announce the following students that were recognized for outstanding achievement at the recently held AIHEC Student Conference in Minneapolis, MN:

- *Marissa Irazarry – 1st Place, Drawing & Peoples Choice Award, Drawing Division II*
- *Winona Runabove-Meyers – Peoples Choice Award, Jewelry Division II*
- *Taylor Treasure & John Benavente – 3rd Place, Duo Interpretation Serious, Speech Competition*
- *Men's Basketball Team – 4th Place [Bellingham, WA]*

Student Services will be hosting an AIHEC Victory Celebration at noon on Wednesday, March 30th, 2016 in honor of all of our students who represented FPCC at the AIHEC Student Competition. The entire Buffalo Chaser Community is welcome to attend!

BUSINESS ADMINISTRATION AT FPCC

The Associate of Arts Degree [AA] Business Administration [BUADM] curriculum transfers to a four-year college, and prepares students to successfully enter occupations and careers in the business sector. Students learn basic accounting principles, contract law, business ethics and economic principles to aid them in starting or running a business. Career opportunities include entry-level management in banks, insurance companies, health organizations, educational institutions, manufacturing businesses, merchandisers, government, technology, and many more. In addition, the student will become acquainted with the history of the federal government's relationship with Indian tribes and its legal effect on doing business in reservation communities.

Students have the option to intern in a reservation business and/or complete a special business-related project. This is an opportunity to apply what they have learned in valuable, real-world experiences that are helpful in finding and performing well in future employment.

NATIVE PEOPLES' CONCEPTS OF HEALTH AND ILLNESS

An interactive exhibition that examines concepts of health and medicine among contemporary American Indians, Alaska Natives, and Native Hawaiians and features interviews with more than one hundred tribal leaders, healers, physicians, educators, and others. There will be health related programs offered during March.
