

Dear Players,

My name is Thomas Firemoon and I have been appointed coach of the FPCC Women's team for the upcoming season.

**** PRACTICE TODAY – OCTOBER 7, CULTURAL CENTER 4PM ****

This letter is to invite you to a players' meeting where I will outline my coaching philosophy. This is an extremely important meeting.

I have coached sports teams for many seasons and I am really looking forward to meeting and working with you over the coming months to make your participation in this team a positive and successful experience.

My coaching program will emphasize skill development, and further advance players' ability to work cooperatively on and off the court, developing a feeling of belonging and learning.

It is my intention to give all the team members equal opportunity to play during the season. They will experience playing in a range of positions as I intend to rotate players and positions as much as possible.

In addition, I am inviting all players to a short meeting at Cultural Center on Tuesday October 11 at 5:00pm. At this meeting I will further outline my coaching philosophy and we can discuss important matters such as training, practice dates / times and how you might be able to assist the team.

I look forward to meeting you.

Sincerely,

Thomas Firemoon
